TWO SILVER SENATORS

One Is From Alabama, the Other From Georgia.

THEY ARE PETTUS AND OLAY.

The Former Defeated Governor Oates to Succeed Senator Pugh and the Latter Wins Over Clark Howell For the Vacancy Left by the Retirement of Senator Gordon.

MONTGOMERY, Ala., Nov. 17.—The Democratic legislative caucus last night, on the first ballot nominated General E. W. Pettus for United States senator to succeed Senator Pugh. The vote stood: Pettus, 67; Oates, 26.

CLAY WON OVER HOWELL.

He Will Succeed Senator Gordon in the Upper House.

ATLANTA, Nov. 17.—Alexander Stephens Clay of Cobb county, chairman of the Democratic state executive committee, and ex-president of the senate, has been nominated for state senator to succeed John B. Gordon by the Democratic legislative caucus. The nomination was made on the thirty-first ballot. The vote was: Clay, 95; Howell, 40; Lewis, 18; Norwood, 5; Walsh, 3; Gerard, 3. As soon as the result was announced pandemonium reigned. Mr. Clay was waiting in the senate chamber, and the cheering reached his ears. He knew he was elected. His friends immediately ran over to where he was and escorted him to the house, where his presence created a scene of wild enthusiasm.

"Steve" Clay, as the new senator to be, was known throughout Georgia as a boy, worked on a farm and secured an education by his own efforts. He studied law, was admitted to the bar and made his appearance in politics in the latter 70s, when he was elected from Cobb county as a member of the legislature.

Bryan Writing a Book.

CHICAGO, Nov. 17.—William J. Bryan is actively engaged in the preparation of a work to be published about Jan. 1. This work will embody a thorough discussion of bimetallicism and its importance as an issue in the campaign of 1900. Mr. Bryan has authorized his publishers, the W. B. Conkey company of this city, to state that one-half of the royalties received for the sale of the book will be used in advancing the cause of bimetallicism during the next four years.

Want Silver Clubs Organized.

KANSAS CITY, Nov. 17.—William J. Bryan, in a statement printed in The Times, urges the formation of clubs to continue the fight for free silver during the next four years. To avoid jealousy he suggests that such clubs refrain from naming them after him, merely calling them silver or bimetallic clubs. "The cause," he adds, "is greater than any man and will travel upon its own merits."

Contests in Tennessee.

NASHVILLE, Nov. 17.—A meeting of Republican leaders was held here to consider the question of contesting the election of R. L. Taylor, Democrat, governor. A resolution was adopted appointing a committee to investigate, gather evidence and raise money to contest the election of governor before the legislature meets in January; also that the Republican candidates for congress defeated, be requested to contest and that congress be asked to investigate the presidential and congressional elections in this state.

North Carolina Returns.

RALEIGH, Nov. 17.—The official canvass of the election returns for presidential electors gives Bryan a majority over McKinley in North Carolina of 10,260. Russell, the Republican candidate for governor, defeats Watson, his Democratic opponent, by 30,000. Guthrie, the Populist candidate, received 30,000 votes.

Democrats Claim All.

CHEYENNE, Wyo., Nov. 17.—The Democratic state committee now has complete unofficial returns from all counties in Wyoming, electing the Democratic electors and congressman. Ten precincts in Big Horn county have not been received, but the vote of these will not materially affect the majority.

Vote of Virginia.

RICHMOND, Nov. 17.—The total vote of Virginia is as follows: Bryan, 125,988; McKinley, 153,351; Palmer, 2616; Levering, 3347; Matchett, 106.

Total Vote Received.

AUSTIN, Nov. 17.—The vote so far sent in stands: Bryan and Sewall, 245,191; Bryan and Watson, 64,431; McKinley and Hobart, 131,887; Culbertson, 244,280; Kearby, 107,321.

His Fiftieth Anniversary.

NEW YORK, Nov. 17.—The celebration of the fiftieth anniversary of Rev. Richard S. Storrs, pastor of the Church of the Pilgrims, took place last night in the Clinton Avenue Congregational church, when the venerable clergyman was given a banquet by the Manhattan Association of Ministers. He was presented with a magnificent loving cup. At the banquet more than 100 clergymen of different denominations were present, and letters of regret were read from many prominent divines. A reception was held in the evening.

WELL KNOWN JURIST DYING.

Judge Parker's Physicians Say There Is No Hope For Him.

FORT SMITH, Ark., Nov. 17.—Judge Isaac C. Parker, the well known jurist, is dying. He has been suffering from a complication of diseases arising from fatty degeneration of the heart for the past four or five years. He has been steadily growing weaker for the past few days, and his physicians state that his case is hopeless and his death is now looked for at any moment.

Judge Parker represented the St. Joseph (Mo.) district in congress and was appointed to the bench by President Grant in 1874. He has been located at Fort Smith ever since, and has probably passed the death sentence on more men than any other judge in the United States.

JUDGE PARKER DEAD.

He Passed Away From a Complication of Diseases.

FORT SMITH, Ark., Nov. 17.—Judge I. C. Parker, the famous Arkansas jurist, died at his home in this city early this morning of Bright's disease. Judge Parker was famous all over the country for his fearless administration of justice. For 21 years he had presided over the court without missing a day. Week before last he was seized with an attack of heart failure, but rallied. On Friday he was again taken seriously ill, but withstood the attack and improved until noon yesterday. Fatty degeneration of the heart was the cause of the first attack and was augmented by Bright's disease with complications.

COMPROMISED THE SUITS.

The Railroad Settles Claims Arising From a Strike in 1894.

MILWAUKEE, Nov. 17.—The Chicago, Milwaukee and St. Paul Railway company has settled the damage suits that were brought against the company and E. W. McKenna, its former assistant general superintendent, by Robert O'Rourke, by paying the claimants and securing a release of all claims mentioned in the complaint.

O'Rourke and Blair were among the members of the American Railway union who were arrested in July, 1894, upon warrants issued by Commissioner Bloodgood, charging them with obstructing the United States mails and with conspiring to defeat the ends of the interstate commerce laws.

Upon the preliminary examination there was no evidence to show that either O'Rourke or Blair had anything to do with the affairs of the railroad or that they were even prominent in American Railway union circles, and after long consideration they were discharged by the commissioner. The men who were bound over were indicted by the grand jury, but their cases were not prosecuted by the United States district court about a year ago.

Fight With a Footpad.

KANSAS CITY, Nov. 17.—In a scuffle with a footpad in the central portion of the city at an early hour this morning J. W. Runeman, manager of the Central Coal and Coke company, of Texarkana, was severely wounded. Runeman received three severe scalp wounds, made by a blunt instrument, and the footpad was in the act of robbing him when scared off by a passerby. Runeman's wounds are said to be serious.

Will Close Down the Mines.

PITTSBURGH, Nov. 17.—At a meeting here the river coal operators took preliminary steps which will likely result in the closing down of almost all river mines and throw 6000 miners out of employment from Dec. 1 to Feb. 1. The argument of the operators for this suspension is that the market is overstocked, there being 10,000,000 bushels or more in this harbor, besides a large quantity already in southern harbors.

Fair Will Contest Ended.

SAN FRANCISCO, Nov. 17.—The contest over the will of the late James G. Fair ended here by the withdrawal of the so-called pencil will, which had been offered for probate. Dr. Marc Livingston, named as executor under the pencil will, in withdrawing the document stated that his reason for his action was that the position of Mrs. Nettie Craven might be strengthened.

Mormon to Be Tried.

SALT LAKE CITY, Nov. 17.—Hon. Moses Thatcher has been ordered to appear for trial on Thursday before the 13 apostles of the Mormon church for a violation of the church discipline. The case originated last year when Thatcher was a candidate for the United States senate before the people without taking counsel with the church authorities.

Accidentally Killed His Wife.

GUTHRIE, O. T., Nov. 17.—Charles Hlatt, a teamster of Stillwater, was awakened by a noise at his barn and suspecting horse thieves to be at work, he went out with his gun. His wife followed and in the darkness he mistook her for a thief and fired at her, the lead passing through her body and killing her instantly.

Shot and Killed.

PERRY, O. T., Nov. 17.—Charles Hoffman, who was shot by officers here is seriously wounded. The officers charge him with attempting to burglarize a store. He came here from Dallas, but says he was raised in Missouri, and says he is well connected. He is in jail.

ACTIVITY AT THE NAVY YARDS.

The Explanation Is Not forthcoming but There Is No Cuban Fear.

NEW YORK, Nov. 17.—The Advertiser this morning says:

Though the authorities at the Brooklyn navy yard refuse to give any explanation of the great activity there, it is generally believed that instruction have been received from Washington to have every available vessel ready for sea.

The most experienced commanders at the yard believe that there will not be any conflict with Spain. They laugh at the idea of Spain attempting with her ancient fleet to attack the navy of this country. It is thought by them that the present activity simply pre-arranges arrangements for winter cruising. In the navy yard more than 500 hands are at work on the monitor Paritan, which will go into commission at the end of the month, and then join Admiral Bance's fleet.

The battleship Texas is now being repaired in the timber dock. The inquiry into the accident may be completed by Thursday.

DE LOPE THINKS THERE IS.

Says It Is Possible For the United States and Spain to Fight.

NEW YORK, Nov. 17.—A special to The World from Washington says that Senator Dupuy de Lome, the Spanish minister, was asked the direct question last night: "Do you believe there is any danger of a war between the United States and Spain?"

"It is possible," the minister replied. "It would be a terrible one. One can foresee its beginning, but not its end."

POWERFUL VEGETABLE POWDER.

When Mixed With Water It Forms an Electric Battery.

CHICAGO, Nov. 17.—The Journal publishes a column article concerning the discovery of a vegetable powder, which, it is asserted, will revolutionize transportation methods. The powder when mixed with water forms an electric battery, the cell of which is strong enough to run half a dozen incandescent lights. With two cells a power of 110 volts is claimed. The alleged discoverers are Washington S. Hawkins, a colored policeman, and Lavell Rogers, formerly a theatrical manager.

The powder is claimed to be made from the roots of a common plant, the name of which is kept secret, awaiting the patent.

WANT THE BOYCOTT RAISED.

If It Remains, More Trouble Is Promised the Printers.

KANSAS CITY, Nov. 17.—A strike or lockout of all the union printers, pressmen, feeders and helpers and bookbinders in this city, employed by firms who are members of the employing printers organization, the Typothetae, is threatened. The trouble arises over the refusal of the Typothetae union to call off its boycott recently declared against the Hudson-Kimberly Publishing company, a nonunion house. An ultimatum has been issued by each side and is preparing for a fight. Definite action will be taken at the next meeting of the union, which will be held next Sunday.

WORK OF WHITECAPPERS.

They Whip a Man and Two Are Now Under Arrest.

COVINGTON, Ky., Nov. 17.—Last Saturday night whitecappers dragged Harry Hamlin and his housekeeper, Mrs. Alice Harrison, from their bed and whipped them. The victims were charged with keeping a disorderly house. The whitecappers were dressed in women's attire, but all were recognized, among them being the former husband of Mrs. Harrison. Six warrants have been sworn out, but the only ones arrested are James Meyers and Ben Netheber.

Largest Number Ever Hoisted.

CHICAGO, Nov. 17.—Stocks to the number of 2380, laden with stock of all kinds, arrived at the stockyards yesterday. This is the largest number of cars ever received at the pens in one day, or at any other stock market in the world where there was no artificial interruption. The previous big run was directly after the Debs strike, July 30, 1894, when the number reached 2064.

Satisfied With the Explanation.

VIENNA, Nov. 17.—The newspapers here express satisfaction at ministerial statements made in the German reichstag. Papers say they think the government utterances upon the occasion have imparted fresh strength to the disband.

Schooner Paritan Wrecked.

PORT TOWNSEND, Wash., Nov. 17.—The schooner Paritan, with a crew of 12, lumber laden, from San Francisco to Point Gamble, was wrecked on Point Bonilla, near Vancouver Island, and will be a total loss. The fate of the crew is in doubt.

Two Killed and Three Hurt.

MIDDLEBORO, Ky., Nov. 17.—In celebrating McKinley's victory at Clintwood, Dickinson county, Va., yesterday, an avalanche exploded, killing Pollam Culley and Preston Mullins and frightfully injuring three other men.

To Utilize Petroleum.

OKMUSKANA, Tex., Nov. 17.—Considerable interest is being manifested in the petroleum output from the artesian wells here, and several establishments are preparing to use it as fuel.
